SUBJECT: 2018/2019 FY COLA

AFPD's personnel policy provides for an annual Cost of Living Allowance (COLA) to be given to employees in October of each year. Giving the COLA is at the "sole discretion of the Board of Directors as District funds allow". A COLA has not been given to our employee's for this FY.

Consumer Price Index, San Francisco Area — August 2018

Area prices were up 0.6 percent over the past two months, up 4.3 percent from a year ago

Prices in the San Francisco area, as measured by the Consumer Price Index for All Urban Consumers (CPI-U), increased 0.6 percent for the two months ending in August 2018, the U.S. Bureau of Labor Statistics reported today. (See table A.) Assistant Commissioner for Regional Operations Richard Holden noted that the August increase was influenced by higher prices for education and communication and shelter. (Data in this report are not seasonally adjusted. Accordingly, month-to-month changes may reflect seasonal influences.)

Over the last 12 months, the CPI-U increased 4.3 percent. The 4.3 percent year-over-year increase is the largest since the 4.5 percent increase in October 2001. (See chart 1 and table A.) Energy prices jumped 13.5 percent, largely the result of an increase in the price of gasoline. The index for all items less food and energy advanced 4.0 percent over the year. (See table 1.)
