VOLUNTEER POLICIES

These volunteer policies are issued by the Amador Fire Protection District as its guidelines concerning your volunteer service with the District. In order to maintain fire protection in the community, the District utilizes volunteers in addition to paid full-time, part-time, and extra-help employees. These policies are established to ensure that the purposes for which the District was established are met while providing equitable and consistent guidelines for volunteer responsibilities and development. The Fair Labor Standards Act ("FLSA") expressly excludes volunteers from the definition of employees covered by the FLSA. Therefore, volunteers are not employees of the District and are not eligible for any employment benefits offered by the District to paid personnel.

Nothing in these volunteer policies is intended to create a contract of employment with the District and a volunteer, or to create an expectation of continued volunteer service to the District for any specified term. Volunteer service with the District is at the mutual consent of the District and its volunteers, and dependent on District operational needs for trained personnel in addition to paid employees. Accordingly, either the District or its volunteers may terminate the volunteer relationship at will at any time, for any or no reason, with or without cause, and with or without advance notice.

Each volunteer will be given a copy of these Volunteer Policies and is responsible to know its contents.

I. GENERAL VOLUNTEER INFORMATION

A. Definition of Volunteer

The federal Fair Labor Standards Act ("FLSA") governs the employment and volunteer programs operated by the District. In these Policies, the District intends to comply with all of the provisions of the FLSA regarding volunteers as interpreted by the federal Department of Labor. The FLSA expressly defines a "volunteer" as an individual who performs services freely and without pressure or coercion, for civic, charitable, or humanitarian reasons, without promise, expectation or receipt of compensation.

The two key requirements for volunteer status under the FLSA are: (1) the volunteer must not be compensated for services performed as a volunteer, but may receive payments from the District for reimbursement of allowable expenses, reasonable benefits, and a nominal fee (See Section II of these Policies); and (2) the volunteer must not also be currently employed by the District to perform public safety services similar to those services which a volunteer firefighter would provide.

B. Volunteers Who Are Also Current Employees
In order to qualify as a volunteer for the District, an individual cannot be simultaneously employed by the District to perform “similar services” to those which such individual would also perform for the District as a volunteer. The FLSA defines “similar services” as similar or identical services. However, the FLSA also provides that public safety employees performing any kind of security or public safety functions are always considered to be performing similar services as a volunteer providing such public safety services. Therefore, paid employees of the District employed to provide public safety functions such as fire suppression and prevention, fire training and education, and Fire Marshal duties, are not eligible to serve as volunteer firefighters for the District. However, employees of the District who do not perform public safety services as an employee of the district, such as office or administrative personnel, are eligible to serve as volunteer firefighters for the District.

C. Equal Volunteer Opportunity

It is the policy of the District to assure a volunteer environment free of all forms of discrimination, and to ensure equal volunteer opportunity by prohibiting discrimination based upon age, race, creed, sex, color, religion, national origin, political affiliation, ancestry, marital status, sexual orientation, gender identity, medical condition, pregnancy, childbirth or related medical condition, or mental or physical disability, in the selection and training of volunteers.

This equal volunteer opportunity policy applies to all volunteers and applicants for volunteer service.

D. Volunteer Work Schedules and Participation Requirements

The District prepares monthly work schedules for volunteer fire suppression personnel based upon written notice from volunteers of the times they are available for service. The District periodically sends written requests to volunteer to provide such information. In order to remain eligible to perform services as a volunteer for the District, each volunteer must provide services for a minimum number of shifts per month. The current minimum shift participation requirements for volunteer fire suppression personnel to maintain their active volunteer duty status are specified in Exhibit B attached hereto. Volunteer fire suppression personnel are free to choose those time periods in each month during which they will provide volunteer shifts sufficient to maintain their active volunteer duty status. Compliance with minimum shift participation requirements is required in order to remain eligible to perform volunteer fire suppression services for the District.

Volunteer Battalion Chiefs are scheduled as duty officers based upon those times each of them specify in written notice to the District for each month. In order to effectively coordinate command operations between paid and volunteer Battalion Chiefs, each volunteer Battalion Chief must provide duty officer services for a minimum number of shifts per month. The current minimum duty officer shift participation requirements for volunteer Battalion Chiefs to maintain their active volunteer Battalion Chief duty status
are specified in Exhibit B. Volunteer Battalion Chiefs are free to choose those time periods in each month during which they will provide volunteer Battalion Chief duty officer services sufficient to maintain their active volunteer Battalion Chief duty status. Compliance with the minimum duty officer shift participation requirements is required in order to remain eligible to perform services as a volunteer Battalion Chief.

E. **Volunteers and Applicable District Personnel Policies**

In order to maintain adequate fire protection in the community, the District utilizes volunteers in addition to paid full-time, part-time, and extra-help employees. The provisions of the District’s Personnel Policies regarding Employee Selection, Employee Compensation, , Employment Benefits, Leaves of Absence and Personnel Action, including those rights afforded by the Firefighter Bill of Rights are not applicable to volunteers. Those provisions of the District’s Personnel Policies regarding Conflicts of Interest, Employee Advancement, General Office Policies, Grievance Rights Policy against Discrimination and Harassment, and Substance Abuse Policy, are applicable to all volunteers.

Volunteers are not eligible for any employment benefits offered by the District to paid personnel. All volunteers are insured for workers’ compensation insurance coverage by the District.

II. **VOLUNTEER PERMISSABLE PAYMENTS AND BENEFITS**

The FLSA precludes payment for services performed as a volunteer, but does permit the District to pay volunteers reimbursement for their expenses, reasonable benefits, and a nominal fee. A monthly stipend is paid by the District to each active volunteer, which amount is comprised of all of the following elements: reimbursement of allowable expenses, reasonable benefits, and a nominal fee. The amount of the current monthly stipend payable to each active volunteer in good standing, and the current amount of estimated expense reimbursement and nominal fee comprising the monthly stipend are specified in Exhibit C hereto.

A. **Allowable Expenses**

The District includes in the calculation of each volunteer’s monthly stipend an estimate of the reimbursement to the volunteer of the following allowable expenses customarily incurred by volunteers providing volunteer fire suppression and other services to the District:

1. Uniform allowances to reimburse the cost of maintaining the required District uniform.

2. Reasonable reimbursement for uniform cleaning expenses;
3. Out-of-pocket expenses incurred incidental to providing volunteer services such as the cost of meals, and transportation expenses including fuel, maintenance and insurance;

4. Tuition, transportation and meal costs involved in attending classes intended to instruct volunteers on how to provide the fire suppression and other services they will provide as volunteers.

5. Reimbursement for wear and tear on personal clothing.

B. Reasonable Benefits

In addition to a monthly stipend, the District pays for the following reasonable benefits for individuals performing voluntary service for the District:

1. Worker’s Compensation Insurance;
2. Length of service awards.

C. Nominal Fees

The District includes in the calculation of each volunteer’s monthly stipend a specified amount constituting nominal fees. Nominal fees consist of either per-shift payments, per-call payments or monthly stipends to volunteers who provide periodic services to the District as needed, on a year-round basis, consistent with FLSA regulations. Such nominal fees are established periodically by action of the Board of Directors of the District based upon its analysis of the sacrifices incurred by volunteers in providing volunteer service to the District. The amount of nominal fees periodically established by the Board of Directors is not based on productivity of a volunteer, or of the volunteer force as a whole. The amount of the nominal fee is equal for each active volunteer in good standing. The Board of Directors considers the various sacrifices of District volunteers in providing volunteer service to the District in periodically establishing the amount of the nominal fee included in the monthly stipend for each active duty volunteer.

Consistent with FLSA regulations, in no event shall such nominal fee portion of the monthly stipend to a volunteer exceed the amount of 20% of the prevailing wage of a paid District employee who performs the same or similar services as a volunteer, in order to ensure maintenance of volunteer status. The District will not pay nominal fees to a volunteer for the purpose of reimbursement for income lost from regular employment for taking time off to attend required volunteer training courses.

III. SELECTION OF VOLUNTEERS

A. Volunteer Application
Every applicant for a volunteer position with the District must be at least 18 years of age and possess a valid California Driver’s License and complete an application. All such information provided on the application is subject to verification by the District.

All applicants for volunteer status shall possess the general qualifications of integrity, dependability, diligence, thoroughness, good judgment, initiative, resourcefulness, courtesy, ability to work cooperatively with others, ability to assume responsibilities, and ability to accept direction from others.

B. Pre-Volunteer Medical Examination

All applicants for volunteer status shall be physically qualified to perform the essential functions of the position for which volunteer status is being sought. All volunteer firefighting applicants shall submit to a medical examination, lab tests, and drug screening after an offer of volunteer status has been made to a volunteer applicant and prior to the commencement of the volunteer duties of such applicant. The examination shall be completed by a medical doctor at a Board Approved Medical Facility to determine the volunteer applicant’s ability to perform all job-related physical activity requirements. An OSHA Respirator Questionnaire must also be completed by the applicant. The District will condition the offer of volunteer status to the applicant on the results of such examination and testing.

C. Pre-Volunteer Background Screening

The District may require pre-volunteer background screening including a live scan fingerprinting screening for each volunteer applicant after an offer of volunteer status has been made to a volunteer applicant and prior to commencement of the volunteer duties of such applicant. The District will condition an offer of volunteer status on the results of such background investigation. A pre-volunteer status background check is a sound business practice that benefits everyone. It is not a reflection on a particular volunteer applicant.

All screenings are conducted in strict conformity with the Federal Fair Credit Reporting Act, the Americans with Disabilities Act, and state and federal anti-discrimination and privacy laws. All reports are kept strictly confidential, and are only viewed by individuals in the District who have direct responsibility in the volunteer selection process. All screening reports are kept and maintained by the District separately from a volunteer’s performance file. Under the Fair Credit Reporting Act (FCRA), all background screenings are done only after a person has received a disclosure and has signed a release. Any volunteer applicant who refuses to sign a release form will not be eligible for consideration of volunteer status.
A volunteer applicant has certain legal rights to discover and to dispute or explain any information prepared by a third-party background screening agency for the use of the District. If the District intends to deny volunteer status wholly or partly because of information obtained in a pre-selection background check conducted by the District’s agent, the applicant will first be provided with a copy of the background report, a statement of rights, and the name, address, and phone number of the consumer reporting agency to contact about the results of the background check, or to dispute its accuracy.

The District also reserves the right to conduct a background screening anytime after selection of a volunteer to determine eligibility for promotion, reassignment or retention in the same manner as described above.

Background checks may include verification of information provided on the completed District application for volunteer status, the applicant's resume, or on other forms used in the selection process. Information to be verified includes, but is not limited to, social security number and previous addresses. The District may also conduct a reference check and verification of the applicant's education and employment background as stated on the volunteer application or other documents listed above.

The background check will also include a criminal record check, including, but not limited to, fingerprinting and criminal screening by the California Department of Justice. If a conviction is discovered, a determination will be made whether the conviction is related to the duties which the individual will be performing for the District as a volunteer, and/or whether such a conviction presents potential safety or security risks to other District employees, volunteers, or the public, before a decision regarding appointment to volunteer status is made. A criminal conviction does not automatically bar an applicant from appointment to volunteer status.

Additional checks such as a driving record check through the California Department of Motor Vehicles Pull-Notice Program may be made on applicants for volunteer duty status who may operate District vehicles.

D. Post-Volunteer Criminal Offenses

In order to ensure a safe workplace and the safety of paid firefighters, co-volunteers and members of the public with whom District personnel interact in the provision of fire suppression and emergency medical services, all volunteers engaged in fire suppression or other activities are required to report to their supervisor if they are arrested and/or charged for any criminal offense. Minor traffic offenses need not be reported, unless the volunteer is assigned to a position which requires the volunteer to drive vehicles for the benefit of the District.
If a volunteer is arrested or charged for any offense, the volunteer must report the arrest or charge to their direct supervisor and submit a police report or other documentation concerning the arrest and/or charges. The report must occur within two business days of the arrest. The District will not take any adverse action based only upon the fact of an arrest.

Noncompliance with the above stated requirement constitutes ground for termination of volunteer status. Furthermore, misrepresentation of the circumstances of the events surrounding an arrest or charge, can serve as ground for termination of volunteer status. Volunteers that are unavailable for work due to incarceration are subject to suspension or termination of volunteer status.

E. Immigration Law Compliance

The District will fully comply with all federal immigration laws. To ensure compliance with such immigration laws, the District requires that all volunteer applicants pass a verification procedure before they are permitted to serve the District as a volunteer. This procedure requires that volunteer applicants provide satisfactory evidence of their identity and legal authority to work in the United States, no later than three (3) business days after beginning volunteer service.

IV. CONFLICTS OF INTEREST

The District desires to avoid situations in which actual or potential conflicts of interest may exist. To implement this objective, the District will attempt to avoid assignments of volunteers that involve actual or potential conflicts of interest, as well as working relationships involving relatives or individuals with close personal relationships that may potentially lead to complaints of favoritism, lack of objectivity, loss of morale, or dissension problems among employees and volunteers that can result from such relationships. In accordance with this policy, relatives of volunteers, spouses, and individuals with whom volunteers reside, including domestic partners, will be eligible for volunteer status with the District, but such eligibility may be revoked in any situation where potential problems of supervision, safety, security or morale exist, or where personal relationships create an actual or potential conflict of interest, cause disruption, or create a negative, hostile or unprofessional work environment. For purposes of this policy, relatives include a volunteer’s parent, child, spouse, brother, or sister or stepparent, stepchild, stepbrother or stepsister. Relatives also include any parent, child, brother or sister of a volunteer’s spouse. As noted above, this policy is not limited to relatives, and applies to other personal relationships including spouses, domestic partners and co-residents which exhibit actual and potential conflicts of interest.

If a volunteer becomes subject to the restrictions of this policy after they are selected as a volunteer, the Fire Chief shall determine within three (3) months of receiving notice of such occurrence, whether or not potential problems described in this section exist, or
whether an accommodation can be made which may avoid the need for a volunteer and
the other involved volunteer or employee to be transferred, reassigned or terminated.

V. VOLUNTEER ADVANCEMENT

A. Probationary Period

New volunteer firefighters, will serve a probationary period of ____ months from
the date of his/her commencement of volunteer status to provide time to
satisfactorily complete mandatory safety training, including achieving a First
Responder proficiency level and a Firefighter I skill level, including but not
limited to First Aid Training, CPR/AED Training, Confined Space Awareness
Training, and HAZMAT First Responder Operations Training. Upon satisfactory
completion of all such training during the probationary period, each volunteer
applicant will receive a written evaluation. If the written evaluation is satisfactory,
the written Notice of Completion of Probation shall be given to the volunteer
applicant by the Fire Chief.

A probationary volunteer may be terminated for any lawful reason at any time
during the probationary period, including without cause and without notice. Such
probationary volunteer shall be given advance written notice of such termination.

Successful completion of the probationary period in no way alters the at-will
nature of volunteer status with the District.

B. Promotion

The District encourages promotions within its ranks wherever feasible. However,
promotions shall not be automatic, but will depend on opportunity, a volunteer’s
performance in his/her present job, education, knowledge, ability, physical and
mental fitness.

A volunteer who is promoted shall be required to serve a probationary period of
twelve (12) months from the date of his/her promotion.

A volunteer who is on probationary status after a promotion may, for any reason at
any time during the applicable probationary period, including unsatisfactory
performance of duties as judged by his Fire Chief, return to his or her previous
volunteer classification at the pay step earned prior to promotion.

C. Volunteer Performance Evaluations
Volunteer performance evaluations provide an objective, consistent, and fair way to evaluate each of the volunteers on their job effectiveness. The evaluation process informs volunteers of their standing with the District and communicates expected standards of performance. Evaluations are also used to discuss standards in areas where improvement is needed. The Fire Chief or designated supervisor, upon a volunteer’s completion of the introductory probationary period will conduct performance evaluations no less than annually thereafter.

VI. GENERAL OFFICE POLICIES

A. Uniforms and Protective Equipment

Each active volunteer firefighter will be issued full protective clothing and any necessary equipment for performance of firefighting duties. This equipment remains the property of the District and shall be returned or replaced if lost or missing, upon the volunteer’s last day of volunteer service.

Volunteer firefighters are personally responsible for all equipment issued to them and it is their responsibility to keep their uniforms and protective equipment clean and in good repair under the direction of the Fire Chief. The monthly volunteer stipend includes payments to reimburse volunteers for such expenses.

It is the responsibility of all volunteer firefighters to immediately notify their supervisor or the Fire Chief if any equipment is damaged or lost.

B. Travel Expense and Mileage Reimbursement

A volunteer on active status who has completed all mandatory training shall be reimbursed for mileage when utilizing his/her personal vehicle for travel on official business as part of the volunteer monthly stipend.

C. Personal Vehicles

Volunteers who are required to use their personal vehicles for District business must carry automobile insurance required by state law. All traffic laws shall be observed and safety precautions taken. Any traffic or parking citation issued to the volunteer is the responsibility of the volunteers.

Damage to a personal vehicle occurring while on District business shall be immediately reported to the volunteers’ supervisor.

E. Use of Tobacco Products
In order to maintain a safe and comfortable working environment and to ensure compliance with all applicable laws, use of all tobacco products including but not limited to cigarettes, cigars, pipes, chewing tobacco, etc., is not permitted as follows:

1. In all District facilities;
2. Within 15 feet of all entrances to District fire stations and fire station windows;
3. At public events, training sessions, schools, and whenever firefighting personnel may be viewed by the public;
4. On the scene of any incident to which the District is responding; and
5. In all District vehicles.

F. Office Hours

Although volunteer firefighting personnel may be present at District facilities twenty-four (24) hours a day, the District’s business office shall remain open for the transaction of business between the hours of 8:00 a.m. and 5:00 p.m. Monday through Friday. The District’s business office will also be open for special programs which will be advertised.

VII. LEAVES OF ABSENCE

A. Leaves of Absence not Provided to Volunteers

It is the District’s policy to not grant leaves of absence to volunteers. Unpaid leaves of absence are only granted to full time paid employees on a nondiscriminatory basis.

VIII. POLICY AGAINST DISCRIMINATORY AND/OR SEXUAL HARASSMENT

The District is committed to maintaining a working environment that is free from all forms of harassment and discrimination. Accordingly, harassment based on an individual’s gender, marital status, pregnancy, race, color, ethnicity, national origin, age, disability, medical condition, religion, sexual orientation, gender identity or expression, veteran status, or other legally protected characteristic is prohibited. The District will not tolerate discrimination, harassment, sexual harassment or retaliation in the workplace whether committed by employees, volunteers, or independent contractors while in the course and scope of their duties on behalf of the District, or visitors or other members of the public while interacting with employees or volunteers of the District. Each employee of the District is responsible for fostering civility, for being familiar with this policy, and for refraining from conduct that violates this policy.

A. Discriminatory Harassment
For purposes of this policy, discriminatory harassment is defined as:

Any type of behavior which is based on gender, marital status, pregnancy, race, color, ethnicity, national origin, age, disability, medical condition, religion, sexual orientation, gender identity or expression, veteran status, that is so severe or pervasive that it interferes with an individual’s work or creates an intimidating, hostile or offensive working environment.

Harassment when directed at an individual because of his/her gender, marital status, pregnancy, race, color, ethnicity, national origin, age, disability, medical condition, religion, sexual orientation, gender identity or expression, veteran status, or any other legally protected characteristic may include, but is not limited to: unwanted physical contact; use of epithets, inappropriate jokes, comments or innuendos; obscene or harassing telephone calls, e-mails, letters, notes or other forms of communication; and, any conduct that may create a hostile working environment.

B. Sexual Harassment

Sexual harassment, whether between people of different sexes or the same sex, is defined to include, but is not limited to, unwelcome sexual advances, requests for sexual favors, and other behavior of a sexual nature when:

1. Submission to such conduct is made implicitly or explicitly a term or condition of an individual’s employment;

2. Submission to or rejection of such conduct by an individual is used as the basis for personnel decisions or advancement; or

3. Such conduct has the purpose or effect of unreasonably interfering with an individual’s work or creates an intimidating, hostile or offensive working or educational environment.

Sexual harassment may include, but is not limited to: unwelcome sexual advances; demands/threats for sexual favors or actions; posting, distributing, or displaying sexual pictures or objects; suggestive gestures, sounds or stares; unwelcome physical contact; sending/forwarding inappropriate e-mails of a sexual or offensive nature; inappropriate jokes, comments or innuendos of a sexual nature; obscene or harassing telephone calls, e-mails, letters, notes or other forms of communication; and any conduct of a sexual nature that may create a hostile working environment.

C. Prohibition Against Retaliation
Retaliation against an individual who complains of discriminatory or sexual harassment under this policy is strictly prohibited. Intentionally making a false accusation of harassment is also prohibited.

D. Responsibilities Under This Policy

The District is committed to enforcement of this policy. Individuals who are found to have violated this policy will be subject to the full range of sanctions, up to and including termination of his/her employment with the District.

1. All individuals are expected to conduct themselves in a manner consistent with this policy.

2. Any employee, independent contractor or volunteer who believes he or she has been harassed by a co-worker, supervisor, or agent of the District, or who observes harassment of another, should promptly report the facts of the incident or incidents and the names of the individuals involved to his or her supervisor or to the Fire Chief. Complainants should follow the procedure specified in the District’s Prohibited Harassment Policy and Procedure and Employee Acknowledgment attached hereto, marked Exhibit __, and incorporated herein by this reference. The supervisor or Fire Chief should immediately report any incidents of harassment to the Board of Directors.

3. The District, including the Fire Chief, will investigate all claims and take appropriate corrective action. The investigative procedures and interview process described in Exhibit __ shall be followed. If the incidents are claimed to personally involve the Fire Chief or a member of the Board, the Fire Chief shall report the facts of the claimed incidents to the Board of Directors which shall designate a person or persons to investigate such claim and recommend appropriate action to the Board of Directors. Incidents involving the Fire Chief may be brought by an employee directly to the Board of Directors.

4. Supervisors and/or managers are required to implement corrective action where, after completing the investigation, it is determined corrective action is indicated.

5. Nothing in this harassment policy supersedes or replaces the District grievance procedure, which may be utilized by employees, independent contractors and volunteers for such grievances. Effort will be made to promptly investigate allegations of harassment. Such matters will be addressed in a discrete manner, but consistent with the District’s duty to investigate and take action if warranted.
6. Any investigation of a firefighter or any investigation which may result in an interrogation of a Firefighter pursuant to this policy shall be conducted in accordance with the provisions of the Firefighters Procedural Bill of Rights set forth in Section XII.

E. Department of Fair Employment and Housing

In addition to notifying the District about harassment or retaliation complaints, the employee may also direct his/her complaints to the California Department of Fair Employment and Housing ("DFEH"), which has the authority to conduct investigations of the facts. The deadline for filing a complaint with the DFEH is one year from the date of the alleged unlawful conduct. If the DFEH believes that a complaint is valid and settlement efforts fail, the DFEH may seek an administrative hearing before the California Fair Employment and Housing Commission ("FEHC") or file a lawsuit in court. Both the FEHC and the courts have the authority to award monetary and non-monetary relief in meritorious cases. Employees can contact the nearest DFEH office or the FEHC at the locations listed in the District's DFEH poster or by contacting (800) 884-1684.

IX. SUBSTANCE ABUSE POLICY

It is the objective of the District to assure its work force is fit for duty and operates in an environment free of alcohol and prohibited substances. The District believes that any Volunteer or employee who uses alcohol and/or prohibited substances or who is under the influence of a prohibited substance or alcohol while on District business, regardless of locale, jeopardizes the welfare and safety of District employees, volunteers and the public, as well as undermines productivity and efficiency. Compliance with the following provisions of the Substance Abuse Policy is a condition of employment.

All employees, including new hires and volunteers, will receive a copy of this policy and are required to read and sign the District’s Drug-Free Workplace Policy and Employee Acknowledgment attached hereto as Exhibit C and incorporated herein by this reference.

A. Applicability

This policy applies to all employees including any volunteers, while they are performing District related business and also applies to off-site lunch periods if the employee or volunteer is scheduled to return to work following a lunch period.

Certain provisions, as noted, apply specifically to firefighter positions. A firefighter is considered to be performing safety-sensitive functions during any period in which that employee or volunteer is actually performing, ready to perform, or immediately available to perform any safety-sensitive function.

B. Prohibited Substances Include
1. Drugs: barbiturates, cannabinoids, benzodiazepines, marijuana, amphetamines, opiates, phencyclidine (PCP) and cocaine.

2. Alcohol: beverages or substances, including any medications containing alcohol, ethyl alcohol or other low molecular weight alcohol, including methyl or isopropyl alcohol.

3. Legally prescribed and non-prescription medications: Use of or being under the influence of any legally prescribed or non-prescribed medication(s) while performing District business that affects the ability of the volunteer or employee to perform assigned job duties in a safe, effective and efficient manner. An employee or volunteer taking any medication of this type bearing a warning label indicating impairment of vision, mental function, motor skills, judgment or safe functioning shall immediately inform their supervisor or the Fire Chief and shall not perform any work-related duties until medical advice is sought. The District may consult with the prescribing physician to learn the expected effect of the drug and/or require a written statement from the physician that continued working will be safe and efficient.

C. Manufacture, Use, Sale, or Possession of Prohibited Substance or Alcohol

The manufacture, possession, distribution, or purchase of a prohibited substance or of alcohol by any volunteer or employee while on District premises or in a District vehicle or while performing District business is absolutely prohibited. Any violation will result in immediate discipline up to and including termination of employment.

Any employee or volunteer who is reasonably suspected of being impaired, under the influence of a prohibited substance or alcohol or not fit for duty shall be immediately removed from duty and shall not be permitted to operate any District vehicle or equipment. The employee or volunteer shall undergo a reasonable suspicion controlled substance and/or alcohol test. Employees or volunteers failing this test, or refusing to cooperate with the administration of this test shall remain off duty and shall be subject to disciplinary action which may include termination.

“Under the influence” is defined as any measurable amount of drugs or alcohol present in an employee or volunteer.

No employee or volunteer shall report for duty under the influence of any controlled substance or alcohol. No employee or volunteer shall use any alcohol during working hours or operate any district vehicles while under the influence of a controlled substance or alcohol, regardless of the amount. Violation of this
policy will result in disciplinary action, up to and including termination of employment.

No firefighter may report for duty or remain on duty when his/her ability to perform assigned functions is adversely affected by alcohol. Violation of this provision will result in disciplinary action up to and including termination from employment.

Use of any legally prescribed medication(s) or non-prescription medication(s) shall be permitted and performance of work–related duties shall be allowed if after reporting and review of medical advice the supervisor or Fire Chief determines the employee is capable of performing all work–related duties in a safe and efficient manner. Failure to notify a supervisor of the use of legally prescribed or non-prescription medication may result in disciplinary action up to and including termination of employment in accordance with this policy.

D. Searches

It is the responsibility of all employees and volunteers to ensure that the work environment is free of alcohol and drugs. Any employee or volunteer who has knowledge of the violation of this policy by another employee or volunteer and does not report it will also be subject to disciplinary action, up to and including termination. Searches of employees and volunteers and their personal property may be conducted when there is reasonable suspicion that an employee or volunteer is in violation of this policy. The District may conduct unannounced searches of District vehicles and property for illegal drugs or alcohol. A firefighter’s locker or space for storage may be searched in his or her presence, with his or her consent, with a valid search warrant or with notification that a search will be completed in accordance with the provisions of the Firefighter’s Procedural Bill of Rights. Employees and volunteers are expected to cooperate in the conduct of such searches. An employee’s or volunteer’s consent to such a search is required as a condition of employment or continued volunteer status, and the employee’s or volunteer’s refusal to consent may result in disciplinary action, including termination, although the employee will first have the opportunity to contest the basis for the “reasonable suspicion”.

E. Compliance and Testing Requirements

All employees and volunteers are subject to pre-employment, reasonable suspicion and post-accident controlled substance testing and alcohol testing.

With respect to pre-employment drug and alcohol screening, each job or volunteer applicant, as a condition of employment or volunteer status, will be required to participate in pre-employment or pre-volunteer testing and any offer of employment or volunteer status will be withdrawn for applicants who test positive
in the pre-employment or pre-volunteer drug and alcohol screen. Those applicants who are denied employment or volunteer status because of a positive test may reapply in one year and must successfully pass a pre-employment or pre-volunteer drug and alcohol screen at that time.

Reasonable suspicion which will form the basis of a request for testing will be based on personal observation of an employee’s or volunteer’s manner, disposition, muscular movement, appearance, behavior, speech, breath odor, lapses in performance, inability to appropriately respond to questions, and physical symptoms of alcohol or drug influence.

Post-accident testing will be required after an accident where a firefighter is on District business and which results in a fatality, or if an employee or volunteer receives a citation under state or local law for a traffic violation and the accident results in an injury requiring transportation to a medical treatment facility away from the scene or where one or more vehicles suffers disabling damage necessitating towing.

The District also reserves the right to order random blood, urinalysis, or other drug or alcohol testing for all firefighters including volunteers. These tests will be conducted by a DHSS certified lab and reviewed by a medical doctor. Applicants, volunteers or employees who test positive will have the opportunity to provide a legitimate medical explanation, such as a physician’s prescription, for the positive result. Random tests will be completed just before departure, during duty or just after the firefighter has finished performing his/her job duties.

The testing will be conducted, without cost to the firefighter employee or volunteer, during regular working hours. Transportation will be provided to and from the medical facility. After the test, the employee or volunteer will be removed from duty until the results are obtained.

Failure or refusal to submit to a test when requested, provision of false information in connection with a test, or tampering with any test will result in removal from duty and disciplinary action up to and including immediate termination of any employee or volunteer.

F. **Disciplinary Action**

A positive test result and/or a violation of any part of this policy will result in disciplinary action, up to and including termination, even for a first offense, and if appropriate, referral for prosecution by local, state, or federal law enforcement agencies.

G. **Notifying District of Criminal Drug Conviction**
Any employee or volunteer convicted of violating a criminal drug statute for a violation that occurred on District property, or during working hours, must notify his or her supervisor within five (5) days of the conviction.

X. GRIEVANCE RIGHTS

A. Definition

A grievance shall be defined as a complaint of a volunteer or group of volunteers alleging unsafe or unhealthy working conditions or a claimed violation, misrepresentation or inequitable application of District policies or rules affecting volunteer conditions and relationships.

B. General Provisions

1. Each party involved in a grievance shall act quickly so that the grievance may be resolved promptly. Every effort should be made to complete action within the time limits contained in the grievance procedure. The time limitation for any step may be extended if circumstances warrant as determined in the sole discretion of the Battalion Chief or Fire Chief.

2. A volunteer may be assisted in presenting a grievance by a representative at the volunteer’s expense.

3. A volunteer shall bring only grievances as defined above. If a volunteer’s complaint does not fall within the definition of a grievance, the Fire Chief shall advise the volunteer how to proceed to pursue the complaint. This grievance procedure may not be used to complain about another volunteer or employee. Such matters should be taken to the Fire Chief if the volunteer chooses.

4. The grievance procedure may be used by a volunteer without fear of prejudice. Reprisals shall not be taken against a volunteer for submitting a grievance. Supervisors and other management representatives shall not delay or suppress submission and orderly consideration of a grievance.

5. The District shall attempt to ensure the confidentiality of all communications pertaining to volunteer grievances. Such communications shall not be discussed except with the volunteer or representative and the appropriate supervisory personnel as necessary to ensure an adequate investigation of the grievance.
6. All communications pertaining to volunteer grievances shall be confidential and shall not be discussed except with the volunteer or the representative and the appropriate supervisory personnel.

7. The Fire Chief or the Board of Directors each may issue such supplemental procedures and instructions as may be necessary to implement this policy.

C. Grievance Procedure

1. Step One: Discussion with Battalion Chief

A written statement of the grievance must be submitted within fourteen (14) days of the incident. A grievance must be presented first to the Battalion Chief who shall attempt to resolve the grievance within fourteen (14) working days. Only one incident may be presented per grievance. A grievance may not be filed on an incident or issue which does not impact the volunteer or on which the volunteer does not have legal standing.

Specifically excluded from the grievance procedures are subjects involving the amendment of state or federal law; resolutions adopted by the District's Board of Directors, ordinances or minute orders, including decisions regarding stipends, hours, and terms and conditions of volunteer service.

The statement shall include the following:

(a) A concise statement of the grievance including a specific reference to any law, policy, rule, regulation, and/or instruction deemed to be violated, misapplied or misinterpreted;

(b) The circumstances involved;

(c) All known parties;

(d) The decisions or communications provided by supervisors or other managers regarding the incident;

(e) The specific remedy or relief sought.

If the grievance is not informally settled within fourteen (14) working days, the Battalion Chief shall provide a written response to the grievant. In the event the matter cannot be adequately addressed within the fourteen (14) working day period, the Battalion Chief can extend the time by providing written notice to the grievant.
2. **Step Two: Discussion with Fire Chief**

If the grievant is unsatisfied by the Battalion Chief’s written response, the grievant may appeal to the Fire Chief. The grievant must notify the Battalion Chief and the Fire Chief of his or her wish to appeal the Battalion Chief’s response within five (5) working days of receipt of the written response. An appeal may not contain issues which have not been considered by the Battalion Chief in the initial grievance. The appeal must state:

(a) A concise statement of the grounds for the appeal;

(b) A description of any evidence which the grievant contends was not reviewed sufficiently by the Battalion Chief;

(c) The specific remedy or relief sought.

The Fire Chief shall have fourteen (14) working days within which to review the matters set forth in the appeal. If, in the sole discretion of the Fire Chief, it is determined that additional time is necessary to consider the matters in the appeal, the Fire Chief shall notify the grievant of the additional time required. The Fire Chief shall issue a written decision after a complete review of the appeal.

3. **Step Three: Appeal to the Board**

If the volunteer is not satisfied with the decision rendered, the volunteer may appeal the grievance within five (5) working days to the Board of Directors. An appeal may not contain issues which have not been raised in the initial grievance. The appeal must state:

(a) A concise statement of the grounds for the appeal;

(b) A description of any evidence which the grievant contends was not reviewed sufficiently by the Fire Chief;

(c) The specific remedy or relief sought.

The decision of the Board of Directors on the appeal shall be certified in writing to the grievant. The decision of the Board of Directors shall be final.

**XI. PERSONNEL ACTION**
The District and its volunteers are judged on their performance and results and it is important that both retain the ability to determine their respective relationships with one another. Consequently, it is important to note that volunteers and the District share the right to sever the volunteer relationship at will, at any time, with or without cause or advance notice.

A. Dismissal

All volunteers of the District serve at the will and may be dismissed at the will of the District without cause at any time.

B. Other Personnel Action

As used herein “personnel action” may include, but is not limited to, disciplinary action other than dismissal such as written reprimand, suspension from job duties, demotion or probation

C. Persons Authorized to Initiate Personnel Action

The Fire Chief shall have the authority to initiate personnel action against any volunteer. The Fire Chief may delegate authority to initiate personnel action against non-supervisory volunteers to Battalion Chiefs.

D. Grounds for Personnel Action

Rules outlining acceptable conduct of volunteers are necessary, for the orderly operation of District business and for the benefit and protection of the rights and safety of all volunteers and employees. Examples of impermissible conduct that may lead to personnel action are identified below to promote understanding of what is considered to be unacceptable conduct and to encourage consistent action by the District in the event of violation. However, it is impossible to provide an exhaustive list of types of conduct that may result in personnel action. It is also important to remember that volunteer status with the District is at will and may be severed by either party with or without cause. The listing of conduct which may result in personnel action being taken does not alter this at will relationship.

Examples of impermissible conduct that may lead to disciplinary action are identified below to promote understanding of what is considered to be unacceptable conduct and to encourage consistent action by the District in the event of violation. The following list contains some, but not all, of the examples of conduct that may lead to the imposition of discipline, up to and including possible termination.

1. Fraud in securing volunteer status
2. Incompetence
3. Inefficiency
4. Inexcusable neglect of duty
5. Insubordination
6. Dishonesty
7. Being under the influence of alcohol, narcotics or habit-forming drugs while on duty.
8. Addiction to the use of narcotics or habit-forming drugs or use or possession of such materials in such a manner as to adversely affect job performance
9. Conviction of a felony or conviction of a misdemeanor which is of such a nature as to adversely affect the volunteer’s ability to perform the duties and responsibilities of his/her position. A plea of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section.
10. Discourteous treatment of the public or other employees or volunteers or use of indecent, profane, uncivil or boisterous language while acting in the course and scope of volunteer status with the District.
11. Willful disobedience
12. Any failure of good behavior either during or outside of duty hours which is of such nature that it causes discredit to the District or volunteer.
13. Physical or mental disability when disability precludes the volunteer from proper performance of his/her duties and responsibilities.
14. Failure to possess or keep in effect any license or certificate or other similar requirement.
15. Inexcusable absence without leave
16. Job abandonment
17. Excessive tardiness
18. Theft
19. Altercations, whether physical or verbal, with other employees, volunteers or supervisors
20. Unlawful harassment including sexual or other harassment of other employees or volunteers.
21. Consistent failure to observe safety regulations or other unsafe conduct
22. Repeated violation of District policies
23. Volunteer shall not use any information or property related to the District in any commercial or private enterprise for personal gain.
24. Volunteer shall not accept any personal monetary reward, fee or gift from any source for services rendered in the course and scope of their volunteer status with the District.
25. Volunteer shall not change, alter, add to or remove any firefighting or personal protective equipment from any station or apparatus without first receiving proper authorization from the Fire Chief.
26. All volunteers shall comply with all safety policies and procedures of the District in order to minimize injury to themselves and others while engaged in any emergency response or while working in and around District stations and apparatus.

27. Failure to complete required training within subscribed timeframes.

28. Failure to attend training drills and exercises as required.

E. Notice of Personnel Action

The volunteer normally will be given written notice of proposed personnel action. The Notice of Proposed Personnel Action shall be served on the volunteer either personally or by registered or certified mail.

During the notice period, the firefighter or other volunteer shall be suspended from active volunteer status.

F. Contents of the Notice of Proposed Personnel Action Shall Include

1. A statement of the nature of the personnel action specifying whether it is dismissal, suspension, demotion, or probation

2. The effective date of the action.

3. A statement of the causes for such personnel action. If the firefighter or other volunteer is being dismissed without cause, the notice should contain a statement that the volunteer is being dismissed or terminated at the will of the District as the case may be.

4. A statement advising the volunteer that the personnel action is final and not subject to appeal to the Board of Directors. Only paid employees of the District enjoy a right of appeal to the Board of Directors to contest personnel action taken against them.

Re : 2019/2020 Benefit Assessment

Pursuant to Chapter 7.60 of the Amador County Code, the Amador Fire Protection District may increase their benefit assessment schedule annually to keep pace with inflation. The annual increase has a cap of 2%. Inflation for last year was 3.9% based on the index specified in our assessment ordinance.

BEFORE THE BOARD OF DIRECTORS OF THE AMADOR FIRE PROTECTION DISTRICT

IN THE MATTER OF:

RESOLUTION APPROVING THE 2019/2020 FISCAL YEAR BENEFIT ASSESSMENT FOR AMADOR FIRE PROTECTION DISTRICT

RESOLUTION NO. AFPD 19-03

WHEREAS, Amador County Ordinance No. 1240 established a benefit assessment for fire suppression services in the Amador Fire Protection District pursuant to California Government Code 50078 et seq.; and

WHEREAS, the Board of Directors of Amador Fire Protection District as the governing body of the District shall levy a benefit assessment for each fiscal year upon all improved and unimproved parcels in the District as set forth in "Attachment A" of Amador County Ordinance No. 1240; and

WHEREAS, the Board of Directors of Amador Fire Protection District has determined that due to inflation, an increase in fees as allowed for in Ordinance No. 1240, is warranted for fiscal year 2019/2020.

NOW THEREFORE, BE IT HEREBY RESOLVED that said board does hereby declare the benefit assessment fee schedule in effect for fiscal year 2018/19 shall be increased by two percent (2.0%) for fiscal year 2019/2020.

The foregoing resolution was duly passed and adopted by the Board of Directors of the Amador Fire Protection District at a regular meeting thereof, held on the 16th day of April 2019, by the following vote:

(Resolution 19-03) 04/16/2019
RISK CATEGORIES FOR COMMERCIAL/INDUSTRIAL PROPERTY

Category 1: This represents the lowest risk in commercial structures. These structures contain ordinary combustibles and may contain small amounts of hazardous materials. Structures in this category are 3,000 square feet or less.

Square Footage assessment = $.01326/sq.ft.

Category 2: This represents higher risk commercial structures. These structures contain ordinary combustibles and may contain small amounts of hazardous materials. Structures in this category are 3,001 square feet to 10,000 square feet in size.

Square Footage assessment = $.0276/sq.ft.

Category 3: This represents a risk significantly greater than those of structures in category 1 or 2 because of use, contents, life hazards, or a combination thereof. This category also includes any structure in category 2 which is 10,001 sq.ft. or more in size.

Square Footage Assessment = $.0418/sq.ft. with a cap of $5,621.95.

Category 4: These structures represent an unusually high personal risk to both the occupants and firefighters and/or require significantly larger commitments of firefighting resources or specialized resources due to hazardous contents, size, height, life hazards, or a combination thereof. This category will include any structure in any category which is three stories or more in height.

Square Footage Assessment = $.055/sq.ft. with a cap of $7,024.41.

A list of the types of businesses in each of the four categories is attached.

ORDINANCE NO. AFPD 007

AN ORDINANCE ESTABLISHING A FEE SCHEDULE FOR PLAN REVIEW, INSPECTIONS AND PROVIDING REPORTS WITH THE
AMADOR FIRE PROTECTION DISTRICT

The Board of Directors of the Amador Fire Protection District ordains as follows:

WHEREAS, Amador Fire Protection District Ordinance No. 002, An Ordinance Establishing a Fee Schedule for Plan Review, Inspections, and Providing Reports with the Amador Fire Protection District, is hereby repealed in its entirety.

WHEREAS, budgetary consideration has required that a charge be made to defray the District’s cost of performing plan review and inspection functions related to new development, tenant improvement and alteration projects, fire codes compliant inspection, and the cost of providing reports prepared by the District.

WHEREAS, California Health and Safety Code Section 13916, Section 13917, Section 13918, Section 13919 together with California Government Code Section 6103.7 authorizes the District to adopt a fee schedule to defray the cost of providing this service to the general public; and

WHEREAS, the review of construction plans and specifications by the District and their subsequent inspection to assure that fire safety equipment and design criteria have been installed and are continued in working order protects the health and safety of the general public and preserves life and property.

NOW THEREFORE THE BOARD OF DIRECTORS OF THE AMADOR FIRE PROTECTION DISTRICT DOES ORDAIN TO ESTABLISH A FEE SCHEDULE AS FOLLOWS:

ORDINANCE NO. AFPD 008

AN ORDINANCE ESTABLISHING A FIRST RESPONDER FEE FOR EMERGENCY MEDICAL SERVICES WITH THE AMADOR FIRE PROTECTION DISTRICT

WHEREAS, the Board of Directors of the ("District") has heretofore adopted the First Responder Fee Ordinance, which sets forth a First Responder Fee; and

WHEREAS, California Health and Safety Code Sections 13146.2(b), 13217(b), 13862, 13869, 13871, 13874, 13916, and 17951, together with Chapter 8, Division 1, Title 7 of the California Government Code, authorize the District to adopt a First Responder Fee and to charge and collect a fee to defray the cost of providing District services; and

WHEREAS, the District has determined that, in order to adequately provide fire-related and emergency medical services to the general public, the District desires to adopt a new fee which is attached hereto as Exhibit 1 and incorporated herein by this reference; and

WHEREAS, the First Responder Fee set forth does not exceed the actual or estimated cost of the provision of the public services to which they relate; and

NOW THEREFORE THE BOARD OF DIRECTORS OF THE AMADOR FIRE PROTECTION DISTRICT DOES ORDAIN TO ESTABLISH A FIRST RESPONDER FEE FOR EMERGENCY MEDICAL SERVICES AS FOLLOWS:

1.0 Authorization and Purpose:

This ordinance is adopted pursuant to Health and Safety Code Section 13916 et seq., a portion of the Act. The purpose of the ordinance is to recover District costs of providing emergency medical services, including but not limited to first responder services for individual assessments that result in ambulance transport and individual assessments that do not result in ambulance transport. This ordinance shall be interpreted in a manner consistent with the Act and applicable law. The fees imposed by this ordinance are for the purpose of recovering the cost of certain District operating expenses, including but not limited to employee wage rate and benefits, medical supplies, and the contracting of services with specialized firms or individuals, which are reasonably related to the actual and on-going expenses incurred by the District for the services and expenses described in this Section.

2.0 Emergency Medical Services Fees:

The Board of Directors hereby approves and adopts the First Responder Fee as set forth in the Amended Fee Schedule in Exhibit 1, attached hereto and incorporated herein by this reference.

3.0 Applicability:
This ordinance sets forth the fees and the amount to be charged by the District, as permitted by Health and Safety Code Section 13916. As authorized by Health and Safety Code Section 13918, public agencies that are not covered by a mutual aid agreement shall be charged the authorized fee, unless waived by the District pursuant to ordinance Section 3. By adopting this ordinance, the District is enacting user fees to defray costs associated with emergency medical services and described within as a First Responder Assessment.

4.0 Waiver of Fees (aka Compassionate Billing Clause):

As permitted by Health and Safety Code Section 13919, the District Board may waive charges/fees established by this ordinance and may delegate its authority to the Fire Chief or his/her designee to determine that charges/fees would not be in the public interest, as in cases where there are reciprocal services provided by other public agencies, employee welfare, or personal hardship. Districts intent is not seek balance billing beyond insurance coverage.

5.0 Specified Fee:

Unless waived pursuant to ordinance Section 3, every public agency and/or party involved shall pay a specified fee pursuant to this ordinance. The fee for services shall be set by the District Board and shall not exceed the reasonable amount necessary to recover the costs of providing the specified service as allowed by law. The specified fee for service may be modified pursuant to Health and Safety Code Section 13917.

6.0 No Waiver of Other Means of Cost Recovery:

This ordinance does not preclude the District from pursuing any additional means of cost recovery, including, but not limited to, actions pursuant to Health and Safety Code Section 13009 (for negligent actions which cause the use of services or facilities of the District) and actions against parties whose willful, grossly negligent, or criminal conduct causes the use of District services or facilities.

7.0 Fee Modification:

These fees may be increased in the future by District resolution consistent with applicable law, including but not limited to annual adjustments each July 1 based on the annual change in the Consumer Price Index (CPI) Urban Wage Earners, San Francisco-Oakland-San Jose, CA region, measured as of February of each year.

8.0 Severability:

If any section, subsection, subdivision, paragraph, sentence, clause, phrase or word in this ordinance is for any reason held to be unconstitutional or otherwise invalid, such holding shall not affect the validity of the remaining provisions of this ordinance. The Board hereby declares that it would have passed each section, subsection, subdivision paragraph, sentence, clause, phrase or word of this ordinance regardless of the unconstitutionality or invalidity of any other section, subsection, subdivision/paragraph, sentence, clause, phrase or word herein.
THIS ORDINANCE SHALL BECOME EFFECTIVE JULY 1, 2019.

THE FOREGOING ORDINANCE WAS DULY PASSED AND ADOPTED BY THE BOARD OF DIRECTORS OF THE AMADOR FIRE PROTECTION DISTRICT AT A REGULAR MEETING THEREOF, HELD ON THE 16TH DAY OF APRIL, 2019, BY THE FOLLOWING VOTE:
