

AMADOR FIRE PROTECTION DISTRICT

JOB CLASSIFICATION: FIRE ENGINEER

SUMMARY DESCRIPTION:

Class specifications are intended to present a descriptive list of the range of duties performed by the employees in the class. Specifications are not intended to reflect all duties performed within the job.

Description

A person assigned to Fire Engineer Classification is trained in fire suppression and emergency medical care and is engaged in the prevention, control, and extinguishment of fires and response to emergency situations where life, property or the environment is at risk. The Fire Engineer also responds and renders aid in non-emergency situations as required.

Under the supervision of higher level supervisory and management staff, the Fire Engineer operates and maintains fire apparatus and other fire agency equipment; responds to fire alarms and other emergency and non-emergency calls to protect life and property; provides basic life support and medical assistance; and conducts fire prevention inspection and public education programs.

REPRESENTATIVE DUTIES:

The following duties are typical for this classification. Incumbents may not perform all of the listed duties and/or may be required to perform additional or different duties from those set forth below to address business needs and changing business practices.

1. Supervises lower level firefighter classifications.
2. Drives, operates and locates fire apparatus and other fire related equipment at fire scenes; sets, controls and directs the flow and pressure of water to fire.
3. Responds to all fire alarms with designated equipment while on duty.
4. Operates airway equipment, EMT-1 related equipment, radios, generators, smoke ejectors, etc.; administers first aid; lays and connects hose lines; holds nozzles and directs water streams; raises and climbs ladders; enters burning buildings to remove persons from danger; uses portable extinguishers, axes, bars, hooks, lines, power tools, and other equipment. Spots the equipment; sets up for pumping or drafting; sets and adjusts controls on the apparatus to deliver required water pressures and flow.
5. Lays hose lines and supply lines; ventilates buildings to release heat and smoke; places salvage covers to prevent water damage; overhauls and cleans up after a fire; checks for fire extension and to prevent rekindling. Establish wildland fire lines by cutting, scraping, and shoveling.
6. Returns equipment to its proper place before leaving the emergency scene. On arrival at the fire station, cleans services, and returns apparatus and equipment to in-service status.

AMADOR FIRE PROTECTION DISTRICT

JOB CLASSIFICATION: FIRE ENGINEER

7. Studies and becomes familiar with response area, communities, roads, water systems, building occupancy and contents.
8. Inspects commercial properties for fire prevention and pre-fire planning.
9. Performs public education functions to civic organizations, schools, and other groups.
10. Cleans and maintains station quarters and grounds; performs first-line preventative maintenance on apparatus; cleans, maintains and tests emergency equipment.
11. May be assigned to make repairs to fire pumps, valves, trucks, motors and other emergency apparatus or equipment, as necessary.
12. May have other assignments, such as CPR, heavy rescue techniques, cause and origin of fires, hazardous materials, etc.
13. Participates in fire drills, training exercises and classes.
14. Prepares written reports, as required.
15. Is subject to emergency call-back while off duty.
16. Performs related duties as required.

MINIMUM QUALIFICATIONS:

Candidate must be at least 18 years of age.

Education:

High School Graduate or GED equivalent at time of hire

Experience:

Two years of continuous fire suppression, emergency medical response, and fire prevention within the last three years as a paid or volunteer firefighter

License and Certificates:

Possess and maintain all of the following:

A valid Class C (or higher) California Drivers' License with a Firefighter endorsement or a valid California Commercial Drivers' License with proper endorsements for firefighting equipment.

CSFM Firefighter 1

Mountain Valley EMS Agency First Responder or Emergency Medical Technician certificate valid in the State of California

Current CPAT certificate

CSFM Driver/Operator 1A & 1B

Desirable Qualifications:

Experience working with volunteer fire personnel.

Specialized training in fire science, fire apparatus operation, hydraulics, emergency medicine, mechanics, or a related field.

AMADOR FIRE PROTECTION DISTRICT
